1	Agree but it wouldn't let me select that option above	2/28/2017 11:25 PM
2	Hosting any major event will absolutely bring awareness of gymnastics in a positive light and will spark inspiration in people of all ages!	2/28/2017 12:03 PM
3	It might for some disciplines, but not all.	2/27/2017 10:38 PM
4	If promotion and visibility is of the event is strong across the entirety of SK - not just Saskatoon and Regina.	2/14/2017 12:19 PM
5	In our province gymnastics is not the most visably noticable sport but hosting this event, bring much needed awarness to the sport and draws in not only support or the competing athletes but draws a larger registration at the recreational level, which in turn starts to grow the competative side for this sport.	2/13/2017 4:28 PM
6	strongly agree - for some reason I couldn't click on my choice above...	2/13/2017 2:55 PM

2	That is a very difficult question to answer. That depends on many factors that should be reviewed before making a commitment. You need a strong base, but you also require many others to support the process. Too often makes it less likely to keep the community supported	2/28/2017 3:50 PM
3	Hosting a competition of this magnitude requires many volunteer hours. Hosting an event should be based on your experienced volunteers..if you do not have the volunteers..don't bid to host.	2/28/2017 1:56 PM
4	once every 6-8 years It is a huge endeavour, and parental engagement is decreasing	2/28/2017 7:45 AM
5	Every 5-10 years	2/27/2017 8:11 PM
6	every 8 or so years	2/27/2017 7:47 PM

9	Once every four years or less - all provinces should have an opportunity and if we do it more often we will over-tax our volunteers.	2/15/2017 2:28 PM
10	Every 4-6 years	2/14/2017 3:07 PM
11	Or every other Olympic year	2/14/2017 12:19 PM
12	Possibly every 4 or 5. It is alot of work and the other provinces need to take on some of this responsibility for our sport.	2/14/2017 9:21 AM
13	every 4 or 5 years	2/14/2017 12:57 AM
14	once every 6 or 7 years	2/13/2017 10:27 PM
15	Every 5-10 years	2/13/2017 9:34 PM
16	Every 5 - 7 is more feasible.	2/13/2017 9:07 PM
17	Sometimes, you need to find your niche in the sport. By hosting every Olympic year will give our sport the consistency that not only the fans but the clubs need to increase interest and support. If we do it at regular intervals, new volunteers can be incorporatated and thus the baton, as they say can be passed ensuring the knowledge is passed from year to year.	2/13/2017 4:28 PM
18	Once every 5-8 years. Every province should have the chance to host Nationals.	2/13/2017 4:14 PM
19	I think it would be nice to host an event once every Olympic cycle. Every Olympic year would be amazing!	2/13/2017 4:01 PM
20	maybe every 5th year	2/13/2017 3:23 PM
21	Capacity would dictate a Championship or National event could be hosted every 5-6 years in sask -no more.	2/13/2017 3:15 PM
22	Every Olympic year would be a bonus...as this could be one of the qualifiers for the Olympics adding a number of possibilities fro sponsorship, awareness and spectatos	2/13/2017 2:56 PM
23	I assumed there is a cycle. Each province is given an opportunity to host.	2/13/2017 2:55 PM

1	unsure of engagement of parents in both cities	2/28/2017 7:45 AM
2	Based on the response that the local clubs and others in the province received by an increase in recreational program registration we need to do this. As we see as with all sports, the lower levels in our competitive programs move with the times and a growth in our Rec programs helps develop the competitive programs. The hype leading up to these events draws more awareness to the individual clubs thus helping them to continue to be competitive and survive in our communities. This is an expensive sport, but as a parent you will find a way where you can to make it work if your child is interested and loves the sport. This will only bring more awareness to gymnastics when we are in the era of cheer and other sports.	2/13/2017 4:28 PM
3	If you are going o do it make it worthwhile. High impact greater awareness. Spectators love it.	2/13/2017 2:56 PM

2	Closer to home	2/28/2017 1:56 PM
3	It is more centralized in the province. I have lived in a couple communities north of Saskatoon, and when events were in Regina, it was really hard to motivate families and community members to go. But events in Saskatoon, where attended more often	2/28/2017 12:03 PM
4	no preference	2/28/2017 7:45 AM
5	Either/or. It has been in Regina the past two times, so it might be a nice change to host in S'toon. Any chance the new arena at the U of S would be complete by 2020?	2/27/2017 7:47 PM
6	I don't think Regina has enough of a gymnastics presence in Saskatchewan. Currently the biggest clubs are all in the north half of Saskatchewan and Canadians should be hosted where those people are. I don't think it would be reasonable to host it in Regina and expect the majority of people and volunteers to drive several hours and stay in hotels. Saskatoon is a much more central location.	2/23/2017 9:40 AM

12	Regina has done it twice now and we know if works. We have the facilities available as well as the volunteers. For the last Nationals it was very difficult getting volunteers from Saskatoon when they came to watch their athlete to volunteer. They were just not that interested. I am not aware of the facilities that Saskatoon has available so I can only comment on what we have.	2/13/2017 4:28 PM

1	I am unaware of what has been happening with Gym Sk and events. One does need to stay involved so something needs to be happening every few years	2/28/2017 3:50 PM
2	My daughter is in WAG so if be willing to volunteer for those events. We'd likely only watch TG or RG	2/28/2017 12:21 PM
3	Any of the above combinations. It's good for the gymnasts to perform at home in front of family & friends now and then.	2/27/2017 10:38 PM
4	These events are not generally huge income generators. If you did not host Canadians I would put whatever money you were willing to spend there into creating an amazing invitational meet. There are huge gaps in the calendar for WAG/MAG that you can capitalize on and this kind of event would benefit our athletes development while keeping costs low for them.	2/14/2017 12:19 PM

6	Elite is not a money maker for most, so no. To be asking for 2024, we may be the wrong group to ask as all most of our athletes will be out of the sport by then. Would I still volunteer, yes! But you need to build on the knowledge that your existing volunteers from the last national have so they in turn can pass their experience on. Sorry, I am from the Artistic side and cannot comment on the TG or RG side. Those with more experience with those disciplines should sound in on that.	2/13/2017 4:28 PM

34	We have great volunteers!	2/14/2017 6:08 PM
35	Would have a lot of close hotels to the event, it's not an overly busy province and its right in the middle of Canada do know would have to travel overly far.	2/14/2017 3:22 PM
36	Central location	2/14/2017 2:57 PM

49	SK is always known for its volunteerism and world class events	2/13/2017 8:39 PM
50	Since bigger provinces typically win bids for national events, it would be a nice change for others to see that we are also a great place in which to visit and compete. Being a small province, I feel there is a real sense of community in the gymnastics world in Saskatchewan and, because of this, I believe that Gym Sask members would work hard together to make a great national competition.	2/13/2017 8:06 PM
51	Exhibition Park in Regina meets all the requirements to hold National events.	2/13/2017 7:49 PM
52	We are conveniently located in the middle of the country in terms of travel.	2/13/2017 6:09 PM
53	We have done it for the first time (4 disciplines) and were amazing at it. Other Nationals are judged by what we put together. Can anyone do it better... maybe. But we know we can and will surpass what we have done in the past and after two very successful Nationals everyone knows what we can do.	2/13/2017 4:28 PM
54	Great organizers! Gym Sask events are always well-planned and have the nicest people running the events. We also have been able to use large venues in the past which is attractive.	2/13/2017 4:01 PM

61	We have great facilities in both regina and Saskatoon to host all four disciplines (both soccer centres are more than capable) the cities are small enough that there is no issue with getting around of staying too far away form competition but large enough that they have everything competitors could need.	2/13/2017 2:58 PM
62	The volunteers are committed and willing to step up to the plate	2/13/2017 2:56 PM
63	we are central to the country and have low hotel and tourism costs. The beauty of saskatchewan in the springtime.	2/13/2017 2:55 PM

18	I think our Province would need to be more progressive in order to be competitive. I feel like Saskatchewan is currently holding on to some outdated mentalities towards gymnastics and the best way to run meets and if we want to be enticing, we need to be prepared to be progressive. I.e. our province is still resistant to using live scoring and hosting meets outside of the club facility, but if we want to grow that is something that needs to be considered in the new JO program in order to really embrace the ability for this program to grow.	2/23/2017 9:40 AM

44	Honestly, money in the form of sponsorship so we can pass on more financial profit to the clubs volunteering. In addition, find a way to improve the experience that the athletes and coaches have so they cannot stop talking about their experience... reach higher than we did before. Make this event to talk not only of the city it is hosted in but the province. We get behind our football team, now we need to find a way for them to get behind and supporting gymnastics. A lot of this has to come from the National level and the hype they start putting into their own National Team and the upcoming Olympics...	2/13/2017 4:28 PM
45	For Canadian Chanpionships, it is very nice for the athletes to have their lodging, eating, training and competition venues at walking distances away. Taking a bus back and forth is not as ideal, but can be done if the busses come frequently enough and the bus rides are not too long.	2/13/2017 4:01 PM

16	I am not in the position to answer this.	2/13/2017 9:07 PM
17	I say yes, but honestly those who volunteer now will volunteer for Nationals. One of the differences I noticed between the 2 Regina clubs during the 2 difference Nationals was the view point the club took. For the first Nationals, we as members were asked to do double commitments. Our house meet and Nationals, it was sold properly to the members and we bought in... more we volunteered the more money the club got. The second time, the club we were at did not ask this, just basic volunteers. At the time the club was paying an hourly fee for volunteer hours, many asked, what do I get paid... With this mind set it was difficult to convince everyone to make the step and volunteer. Basically, we all need to get back to the grass roots of volunteering and do it because it is for the better good and the right thing to do... always help those who need it without your hand out.	2/13/2017 4:28 PM
18	I am not part of a club.	2/13/2017 3:51 PM

21	Yes, I would love to be a part of a big gymnastics event.	2/13/2017 2:55 PM
22	Would depend on the location of the event - Regina is closer to us, more people would be willing to travel there.	2/13/2017 2:45 PM
