**IMPORTANT MEMO REGARDING ONLINE TRAINING ACTIVITIES AND LIABILITY
INSURANCE COVERAGE**

4 files are attached

To clubs who have been approved for online training activities, - you were sent an insurance endorsement document late last week with the details of actions required in order for liability coverage to be in effect for your online insurance training with club athletes. (A copy is attached.) Please be reminded that only live feed/non-public platforms are acceptable to the insurer. Clubs who are posting or using pre-recorded videos on FaceBook, YouTube or other platforms are doing so at their own risk and will not have any Gym Sask coverage.

In follow-up to that email, please review and ensure you submit the required documentation as follows, as directed by our insurers.

1. Gym Sask Online Training Approval Form

This form in Excel is attached, and must be completed and returned

to kmandzuk@gymsask.com for each week of activities, **beginning immediately.**

Please continue to submit the form, complete with details, at the start of each week of online training.

Clubs who do not submit the requested form for approval by Gym Sask will be denied coverage should any claims arise.
